

TRADE CREDENTIALS

Trade registration is available for all members of the marine industry. Trade credentials offer:

- Admission to all NMMA - produced consumer boat and sport shows
- Access to each show two hours prior to opening

NEW THIS YEAR - Mobile Contactless Credentials

To maintain the safety and security of our members we have designed a new contactless Trade Credentials which must be shown on your mobile device each day/time you enter the show.

While the credentials gives you access to the show we ***encourage you to provide a name tag to your employees.*** Information on this process will be shared Mid-August 2021.

We are no longer providing hard stock badges with lanyards.
