

Co - Exhibitor Information Form

Co-exhibitors (or working dealers) are the local representatives of a manufacturer brand. They may be responsible for submitting the necessary paperwork and or payments for a Manufacturer contracted space.

Show management may allow exhibitors to share its space with a Co-Exhibitor.

- If a space is contracted to a Manufacturer or Co-Exhibiting company, it may list all dealer companies that will be working in the space.
- Co-Exhibitors get listed in the List of Exhibitors on the show's website and the printed show guide.
- They must also register for show credentials, separate from the contracted exhibitor.

Co Exhibitor Information form can be located in the Exhibitor Portal.
