

FLOAT WORK ORDER FORM

DEADLINE: AUGUST 16

MAKE YOUR GUESTS FEEL AT HOME

- You can make your in-water display more attractive and inviting with a floating platform. Create closing rooms and hospitality areas for your guests and hot prospects with our **10'x 20'** floating dock sections. Some floats vary in height.
- Fee includes launching & hauling of float sections, positioning, and securing each section of docks next to your display.
- If a float is carpeted by the renting exhibitor, they are responsible for removing the carpet at the conclusion of the show.

Orders are filled on a first come, first served basis. Prior year order does not guarantee a reservation for current year's show.
