Fred's Shed Seminar Topics

How Do I Know If I Have the Correct Prop?

—Sponsored by Yamaha Genuine Propellers

What pitch prop should you use? Are there advantages of a 4-blade prop over a 3-blade? Which is better aluminum or stainless steel? Get answers to these questions and learn how props impact performance and fuel economy.

Basic Motor Maintenance for Marine Engines

—Sponsored by Yamalube

Learn basic maintenance and how to prevent problems before they happen to keep your gas-powered outboard running at its best. Learn about the carburetor and fuel injection systems of both today's and yesterday's boats, and look inside a motor cutaway to gain a better understanding of motor mechanics.

What Is the Correct Fuel for My Motor and How Do I Care for It?

—Sponsored by Yamalube

Wondering what is best for your boat—pure gas, E10 or E15? Is there a difference between marina gas and gas from car pumps? Should you store your boat full or empty? How does ethanol affect marine engines? This session tackles fuel system basics, including the tough subject of ethanol in marine engines.

Which Boat Is Right for You?

Join us for a deep dive on how to choose the right boat. We'll guide you through the different types of boats available and discuss new boats vs. used boats and the benefits of each. You're sure to leave this session with a better understanding of which boat will best suit your lifestyle.

Ask our Experts—Talk with a Tech Pro

Stop by for a free one-on-one consultation with our certified marine technician. Get professional advice and answers to your questions enhanced by hands-on demonstrations of tools and techniques on boat and motor cutaways. Sessions are first-come, first-served.

Boater Basics: Boating Basics, Trailer Maintenance, Waterway Navigation and Safety Gear

—Sponsored by Yamaha Watercraft

New to boating? Join us for an engaging and comprehensive session designed to equip new and experienced boaters alike with the fundamental skills needed for a successful and safe boating experience.

Let's Talk Marine Electronics

Want to learn about marine electronics? Join us for an informative session covering chart plotters, fish finders, transducers, wiring, auto pilots, as well as wiring tools and crimps. We will also discuss the installation of accessories.

Winterization/Summerization and the Proper Way to Store Fuel in My Boat in the Off Season

—Sponsored by Yamalube

Learn the important steps to preparing your boat for its winter nap. Topics covered include fuel storage, water draining, the best time to take care of maintenance tasks prior to the next season and other important winterizing tips.
