TOYOTA

**TOYOTA IS THE OFFICIAL
TOW VEHICLE OF THE
NORWALK BOAT SHOW®.**

Welcome to the Discover Boating® Norwalk Boat Show® in partnership with Progressive Insurance®!

There are endless ways to enjoy the water. If you're a boater, you know. And if you're new to boating, you're about to find out. The Discover Boating® Norwalk Boat Show® has been the Northeast's premier in-water boat show for almost half a century—an ideal place to experience the boating lifestyle as you walk the docks and check out all the new boats on display.

What will you find at this year's show? For starters—a terrific lineup of new boats. So, whether you're looking for your first boat or your next boat, you'll have plenty of options to shop and compare (plus take advantage of show deals and incentives). And even if you're not planning to buy, it's fun to see the latest innovations and cutting-edge designs.

You'll also find a great selection of gear—accessories for all your favorite on-water activities and upgrades to enhance your time on the water. Not to mention items you didn't know existed, or realize you needed.

Finally, to round out your day at the show, be sure to check out all the attractions and boating resources—on-water activities, family-friendly exhibits, and entertainment, too. There really is no better place to discover boating.

On behalf of our exhibitors, sponsors and the entire show team, thanks for joining us. We hope you enjoy the show. See you out here!

Jon Pritko
Show Manager

P.S. Be sure to check out DiscoverBoating.com for boating tips, expert advice, resources and more.

How Do I Know if I Have the Correct Prop?

Sponsored by Yamaha Genuine Propellers

What pitch prop should you use? Are there advantages of a 4-blade prop over a 3-blade? Which is better aluminum or stainless steel? Get answers to these questions and learn how props impact performance and fuel economy.

Basic Motor Maintenance for Marine Engines

Sponsored by Yamalube

Learn basic maintenance and how to prevent problems before they happen to keep your gas-powered outboard running at its best. We will dive into the carburetor and fuel injection systems of both today's and yesterday's boats, and look inside a motor cutaway to gain a better understanding of motor mechanics.

What Is the Correct Fuel for My Motor and How Do I Care for It?

Sponsored by Yamalube

Wondering what is best for your boat—pure gas, E10 or E15? Is there a difference between marina gas and gas from car pumps? Should you store your boat full or empty? How does ethanol affect marine engines? This session tackles fuel system basics, including the tough subject of ethanol in marine engines.

What Boat Is Right for You?

Join us for a deep dive on how to figure out what boat is right for you. We will speak about new boats vs. used boats and the benefits of both. We go through the types of boats and which boat will fit your personal needs.

Ask Our Experts — Talk with a Tech Pro

Stop by for a free one-on-one consultation with our certified marine technician. Get professional advice and answers to your questions enhanced by hands-on demonstrations of tools and techniques on boat and motor cutaways. Sessions are first come, first served.

Boater Basics: Trailer Maintenance, Waterway Navigation and Safety Gear

Sponsored by Yamaha Watercraft

New to boating? We're here to help make sure you know how to choose the right boat for you and your family. Join us to learn what you need to consider as you are boat shopping today. We will also dive into the "rules on the water" similar to the rules of the road.

Let's Talk Marine Electronics

Want to learn about marine electronics? Join us as we touch on chart plotters, fish finders, transducers, wiring, auto pilots, as well as wiring tools and crimps. We will also discuss the installation of accessories.

Winterization and the Proper Way to Store Fuel in My Boat in the Off Season

Sponsored by Yamalube

Learn the important steps to preparing your boat for its winter nap. We will discuss fuel storage, water draining if any, the best time to do any maintenance prior to the next season and other important winterizing tips.

THE IMPORTANCE OF BOAT INSURANCE

Embarking on the open water is an exhilarating experience, filled with the promise of adventure and relaxation. Whether you're a seasoned sailor or a weekend cruiser, safeguarding your vessel with proper insurance is not just a choice—it's a necessity. Explore the reasons why every boat owner should prioritize boat insurance for a worry-free voyage.

UNPREDICTABLE Waters

The open water can be unpredictable, with unexpected storms, collisions, or other potential accidents. Boat insurance can give you financial protection if there is damage to your vessel, providing coverage for repairs or replacement.

Damage AND INJURY

Accidents on the water can result in damage to other boats, docks, or even injuries to passengers. Boat insurance offers liability coverage, which can pay for damages or injuries you're liable for while boating, up to specified limits, and lawsuit costs if you're sued. This includes damage you cause to another watercraft or if someone on or near your boat is injured and you're found to be legally responsible.

THEFT AND Vandalism

Unfortunately, boat theft and vandalism are realities that boat owners face. Boat insurance has comprehensive and collision coverage that can protect you against events outside of your control, including theft and vandalism.

Vitamin D-stress

When time on your boat is like medicine for the soul, rest assured that every precious moment is protected by America's #1 boat insurer—day after day, cast after cast.

INCURRED MEDICAL *Payments*

Accidents on the water may lead to injuries for you or your passengers. Boat insurance offers a range of optional medical payments coverage limits, helping to cover medical expenses if you are in an accident or someone is hurt on your boat, regardless of fault.

PEACE OF MIND FOR *Financing*

If you financed the purchase of your boat, most lenders require insurance coverage to protect their investment. Having boat insurance not only fulfills these requirements but also gives you peace of mind knowing that your financial interests are safeguarded.

NAVIGATIONAL

Flexibility

Some water municipalities and marinas may require proof of insurance for docking or accessing certain areas. Boat insurance allows you the flexibility to explore different destinations without worrying about entry restrictions.

EMERGENCY TOWING AND

Assistance

Progressive boat insurance can include optional Sign & Glide® On-Water Towing coverage. If your boat is disabled or breaks down on the water, Sign & Glide® pays for on-water towing, jump starts, soft un-groundings, and fuel delivery.

WRECKAGE

Removal

If your boat sinks, Progressive boat insurance will cover the cost of removing your boat from the water (if removal is legally required).

Investing in boat insurance is not just about protecting a valuable asset; it's about safeguarding the memories, experiences, and joy that come with your on-water adventures. Don't let unforeseen circumstances disrupt your journey—navigate with confidence, knowing that Progressive boat insurance has you covered. Ensure a smooth and worry-free voyage, because when it comes to your boat, peace of mind is the ultimate luxury.

WE DON'T JUST INSURE YOUR PASSION —

We Share It

In a nutshell, my role at Progressive is to acquire customers for our motorcycle, boat, and RV insurance and protection products. My colleagues and I feel that we have a distinct advantage when designing our products, because as owners ourselves, we understand your unique needs and share your passion for these vehicles.

In my case, this has been a lifelong passion. From a young age, I'd ride on the back of my dad's Suzuki on Saturday mornings as we got out of the house and checked out local garage sales. Over the years, I graduated from a moped to my first grown-up bike: a beautiful blue Suzuki Katana.

After getting married and starting a family, my priorities changed, but I never lost my passion for motorcycles. I inherited a 2000 Harley FXDX after my father hung up his helmet, and I'm beginning to create those weekend memories with my own children, who don helmets and long pants for a chance to take short, low-speed rides on the back of "dad's motorcycle."

My most recent source of adventure is a Polaris RZR side-by-side that I got last fall. It's a four-seater, which means my wife and two kids can come along, and we take it trail riding in the beautiful mountains of Pennsylvania and West Virginia. I think of it as part market research for my day job and part family getaway. It's a great excuse for my family to trade in our iPads, video games, and other distractions for lunch on the trails. We already have many years' worth of stories to laugh about around the dinner table. (Yes, Kevin, I'm talking about that "shortcut" you suggested.)

I'd be remiss if I didn't also mention watercraft and RVs, which, of course Progressive also insures. After selling the Katana, we gave boating a try with a Sea Ray cabin cruiser and a pair of WaveRunners. In fact, I can honestly say that I either own or have owned every major type of vehicle we insure at Progressive, with the exception of an RV, though we often go camping with my in-laws in their Forest River Mini Lite.

Needless to say, I insure all of my vehicles with Progressive. The reason is obvious; I know Progressive is just as passionate about these vehicles as I am, so I know our policies are exactly what people like us need.

Being properly insured is important, not only for the vehicle, but to protect against liability and the unknown. I want to protect my family and our financial stability, as well as cover potential medical costs and vehicle repairs. My whole family enjoys getting away from the day-to-day with these toys, and knowing we're insured when we go out gives us all the peace of mind we need to make those memories even more special.

TUNDRA HYBRID

**DEAR BOATERS,
LET ME GET THAT.**

**UP TO 583 LB-FT OF TORQUE AND
UP TO 12,000 LBS TOWING CAPACITY.**

Prototype shown with options. Extra-cost color shown. Model year 2023 Tundra shown. Never tow beyond a vehicle's published towing capacities. Installation of a tow hitch receiver or other accessories located near the rear bumper may require disabling or removing the kick sensor, and the sensor operation setting in your vehicle should be turned off. See Owner's Manual for limitations.
